LICENCE

RetroBat is free and open source project. It should not be used for commercial purposes. It is done by a team of enthusiasts in their free time mainly for fun.
All the code written by RetroBat Team, unless covered by a licence from an upstream project, is given under the LGPL v3 licence.
It is not allowed to sell RetroBat on a pre-installed machine or on any storage devices. RetroBat includes softwares which cannot be associated with any commercial activities.
Shipping RetroBat with additional proprietary and copyrighted content is illegal, strictly forbidden and strongly discouraged by the RetroBat Team. Otherwise, you can start a new project off RetroBat sources if you follow the same conditions.
Finally, the license which concerns the entire RetroBat project as a work, in particular the written or graphic content broadcast on its various media, is conditioned by the terms of the CC BY-NC-SA 4.0 license.
